

Pop Corn Machine Instructions:

WARNING!

To avoid serious burns, DO NOT touch kettle when it is hot.

(Rent A Bounce, LLC is not liable for any injuries due to careless handling and/or reckless operation of this equipment)

Make sure all switches are in the "OFF" position before plugging the equipment into the receptacle.

****DO NOT operate machine using an extension cord****

1. Open doors and lower drop panel.
2. Turn kettle heat and motor switch to "ON"
3. Allow kettle to heat for 3 minutes
4. Pour pre-measured popcorn and oil pouch into kettle and be sure kettle lids are closed.
5. Popcorn popping will slow down. Once this happens, dump your kettle
6. Repeat steps 3 & 4 for additional batches. (Always pop 3-5 batches for best popcorn)
7. After popping last batch, turn kettle heat and kettle motor to *OFF* position
8. Close lower drop panel and doors.

****DO NOT attempt to adjust, repair or clean machines****
